Editorial

WELL REPRESENTED

The Democratic committees of Appomattox and Buckingham will meet here Tuesday to nominate a candidate for the House of Delegates to represent these two historic Virginia counties. These counties are now well and ably represented by Hon. A. J. Terrell, of New Canton. He stands high in the esteem of the leaders of his party and we feel sure that his constituents will be pleased to return him to Richmond for another term.

—O—

ON MOTHER'S DAY

One of the finest news stories this editor has ever seen was written by a fellow writer on a Virginia paper. It concerned a wee young chap of about five years.

He was dying, this brave little fellow, loved and dear to the whole town. His mother leaned over the death bed and tearfully asked, "Do you hurt anywhere son?" He smiled up into her face and whispered, "Don't hurt no place, Mom, just read Little Boy Blue to me." And then as she recited off the words, with tears of parting rolling down her cheeks, the lad passed beyond. Our staff reporter took the scene and made an epic news story—and I wrote the headline—"Don't hurt no place, Mom, Just read Little Boy Blue to me."

What wonderful souls are MOTHERS! From the first ray of life until the last farewell, they steer the course of mankind. In the original Hebrew, "Eve" or "Kieva" means "Soul Spirit of Man." "Eve, mother of life, soul-giving, eternal."

Shame on that community that does not observe Mothers Day. Shame on that individual who does not this Sunday wear proudly and in true reverence a flower—red or white—in honor of that unselfish spirit of unfailing devotion, that moider of character and integrity, that sweetest word of tongue or pen . . . MOTHER. The editor thanks God that he can wear a red flower in honor of a living mother . . . but, pshaw—Mothers are something that even death cannot rob us of.

—O—

GABRIEL OVER THE WHITE HOUSE

The cinema makers have gone political and made themselves a picture to show just how the country should be run. The result is a movie called "Gabriel Over the White House."

In the show a weak and ineffective president gets into an accident and upon his recovery suddenly becomes another personality. He runs amuck, fires his cabinet and proceeds to single-handed settle the major problems of the nation and the world.

The methods and formula used by this revamped president, are interesting. The prohibition and gangster evils are solved by strong-arm methods. Army tanks bombard a gangster stronghold and capture the hoodlums and with immediate military court marshall, summarily kill the whole lot before a firing squad! The unemployment problem is solved by much the same tactics being used by President Roosevelt.

Here's how the movie president solved the war debt problem: He entertained representatives of the debtor nations at a conference held aboard a U.S. battleship. While they were in conference on deck, the entire U.S. Navy, in combat action, paraded by—and believe you me when this president got through telling his plans for a mammouth new navy—for national defense—the debtor nations were very anxious to PAY UP!

All in all, the movie's first entry into politics was not bad. On the other hand it was more constructive than we had been in the habit of receiving from Hollywood.

Pamplin High School Honor Roll

Grade 1—Allen Baldwin, Billie Southall, Raymond Price, Claiborne Inge, June Clark, Elsie Tolley, Elizabeth Terry, Frances Lucado.

Issue Of Tag Costs Is Up

With the future of $50,000,000 worth of roads at stake, the extent of the automobile license tax reduction in 1934 today was becoming among the principal issues before candidates for the general assembly.

All three candidates for governor already have come out for reduced license charges which, in effect, mean a reduction in the road maintenance fund, or, the allotment of construction money to maintenance and a consequent impairment of them construction fund.

W. Worth Smith, Jr., wants licenses cut to a flat $5 per car. Joseph T. Deal advocates cutting the license rate in half. George C. Peery is committed for a reduction but has said that the amount of cut he will favor depends upon studies of the situation now in progress.

The future of $50,000,000 worth of Virginia highways comes into the picture because this is the estimated value of roads which are of a construction requiring constant maintenance to prevent them from becoming utterly useless with a according to reports from the highway department to the governor, would be washed few months. Not a few of them, away entirely within a month but for maintenance work now financed exclusively from automobile license tax receipts.

Many Oiled Roads

Many miles of highways listed as hard-surfaced are in actuality oiled roads bearing a thin surface which must be renewed periodically or the road becomes useless as a high speed artery of travel.

There also are many miles of very costly road which need periodical attention to keep the investment therein unimpaired. One chuck hole in such a highway also can destroy hundreds of dollars worth of automobile tires and springs within a few hours.

License receipts now total around $6,000,000 per year, with the returns from gasoline tax receipts, the latter used exclusively for construction, totaling about twice this amount. More than half the construction money now is being put upon county roads, many of which are gravel surfaced and therefore especially liable to deterioration from weather.

Thought On Mothers Day

Richmond, May 11—Mother's Day is observed annually by the people of the United States. As stated by Woodrow Wilson, it is "a public expression of their love and reverence for the mothers of their country." Next Sunday, May 14 many of us will celebrate the occasion by wearing a carnation and will consider it an expression of our love tnd reverence.

There are, however, many women who have sacrificed their lives in entering motherhood, and a fitting observance of the Day might well include a determination to make childbirth safer and so reduce the appalling rate of maternal deaths in Virginia.

A study of maternal mortality in Virginia during 1927 and 1928 made by the United States Children's Bureau, in cooperation with the State Department of Health and the Medical Society of Virginia, shows that there were 767 maternal deaths in the State during those two years. With a view to ascertaining the causes of these deaths, 637 families in which such deaths occurred were interviewed. It was found that sixty per cent of these 637 women had received no prenatal care, and many of the remaining forty per cent had received inadequate medical supervision.

Sunday Schools To Havo Part

More than a hundred thousand children are expected to give their pennies on Sunday, May 14th, as part of the statewide campaign to raise $75,000 for the Children's Home Society of Virginia. The statewide Sunday School offering is being taken in hundreds of Sunday Schools, each child being asked to give one cent for each year of age.

Last Sunday every child was given one of the Children's campaign folders which contains a brief children's sermon written by Rev. Beverley D. Tucker, D.D., Rector of St. James' Episcopal church in Richmond. Dr. Tucker is one of the state-wide Vice-Chairmen of the campaign and is directly in charge of the Sunday school offering. With the folder was a return envelope in which the children will bring their offering for homeless children on next Sunday.

Pamplin High School News

The Community League held its regular monthly meeting in the school auditorium on May 2. Mr. H. M. Reeves made the address of the evening. His subject was "The Responsibility of Youth."

The grammer grades presented a Health Day program on May 2, during the assembly period. The program consisted of music, recitations and plays. Sixty-four Five Point certificates were awarded.

The Community League is giving a social, honoring the faculty and senior class on Friday, May 12.

The Junior and Senior history class has recently had a cooperative unit. The program of lectures was as follows:

1. County Government as a cooperative—Mr. Watt Abbitt.
2. 4-H Club Work—Mr. R. B. Hudgins.
3. Cooperative Effort—Mr. Horseley.
4. Cooperative Marketing —Mr. Wilkins.
5. The Rural Church in the Community—Mr. W. M. Black.
6. Cooperation in Education—Supt. J. A. Burke.

The Pamplin high school Commencement exercises will begin Sunday evening, May 14, at 8:00 P. M., at which time the Rev John Cunningham will deliver the sermon to the graduates.

On Wednesday evening, May 17, beginning at 8:30 o'clock, the class exercises will be given.

The diplomas will be delivered Thursday evening, and Dr. J. E. Walmsley of the State Teachers College, Farmville, will address the graduating class. Short addresses will be delivered by the honor graduates. Richard Dabney Inge, first honor, Willis Hopkins Ligon, second honor. Miss Kate Franklin's pupils will furnish five musical nufbers for the program Thursday evening.

Members of the 1933 graduating class are:

Kathleen Beale, Urier Carson, president; Elizabeth Cumby, Richard Inge, Frances Jamerson, Clarence Pankey, Margaret Rodgers, Edith Williams, Sec.-Treas.; Jim Williams, Billy Ligon, Lester Sears, Ella Lewis.

To Change Road No.'s

Richmond, May 11.—The Virginia State Chamber of Commerce began today to notify oil companies, auto clubs and other organizations that furnish the public with motor tour maps that effective July 1 the Virginia State Highway Commission will renumber the majority of the highways in Virginia, creating ten throughstate highways and extending and relocating in part some of the Federal routes. The Virginia State Chamber of Commerce stated that a number of agencies are now planning new maps of the Southeastern part of the country and that the renumbering of the Virginia routes will create some confusion until all can be notified of the changes.

Virginia's highways were numbered before the present system of Federal highway numbering was levised, creating a duplication of numbering, the only difference being in the design of the markers on the federal and state routes.

Among the many changes to be made will be the extension of United States Highway number 221 over parts of old State Highways 607, 13, United States 60 and State 10. This route will begin at Reedsville and travel west via Heathsville, Callos, Warsaw, Tappahannock, Richmond, Amelia, Burkeville, Farmville, Lynchburg, Bedford, Roanoke, Copper Hill, Floyd, Courthouse, Hillsville, Independence to the North Carolina line.

Present State routes 18 and 19 are in the new State Route 6, running from Goochland to Dixie to Fork Union to Scottsville to Afton.

Old State routes 804, 805, 13 and 18 and U.S. 29 and 501 have been used in part to make up new State Route 9, running from Rimet at the West Virginia line through Warm Springs, Milhorg Springs, Goshen, Lexington, Buena Vista, Lynchburg, Brookneal, Halifax, South Boston to the North Carolina line.

United States 60 is changed west of Richmond to run via Midlothian, Powhatan, Cumberland, Buckingham, Amherst, Buena Vista, to Lexington and on over the present 60 via Clifton Forge and Covington.

Route 24 takes in parts of old 306, 43 and to 117 at Peters Creek. It runs from near Buckingham Courthouse via Appomattox over to Roanoke. State Route 25 remains the same. The road from Bent Creek through Appomattox to Phoenix formerly was 306 and 307 and becomes State 26.

Have your car inspected May 15-June 15.

Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs,—one or twice a week for several months—and see how Nature rewards you with health.

Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 cts. and 25 cts. packages. All dealers. (Adv.)

Helped By Cardui

Here's the true story of how Cardui helped Mrs. H. E. Dunaway, of McComb, Miss., as written by herself:

"I was sick and rather discouraged. I was so weak and thin, I was not able to do my work as it should be done. This made me feel a good deal, and did not help my condition.

"I had pains across my back and lower part of my body. My nights were spent in rolling from one side of the bed to the other, hoping I would soon go to sleep. Then when morning would come, I would be just as tired as when I went to bed. A neighbor, seeing how badly I felt, told me to try Cardui. After I had taken one bottle, I was much better. I kept on taking Cardui, and I was stronger and slept much better at night."

Liver Sufferers Amazed At Results Obtained From Remarkable New Treatment

Thousands Reporting Sargon Soft Mass Pills Have Brought Them Lasting Relief From Constipation—Sour Stomach —Sick Headaches — Gas—Bad Breath—Coated Tongue —Nervousness and Dizzy Spells After Everything Else Had Failed.

If Your Liver Is Not Performing Its Proper Functions—Sickness — Suffering and Ill Health Are the Inevitable Result.

Science Has Proved That Salts, Calomel, Mineral Waters, Oils, Laxative Pills, Herb Teas or Extracts Have No Effect Whatever on the Liver or Its Production of Bile.

Unless you have tried Sargon Soft Mass Pills you can have no idea of the effects produced by this natural cleansing of your liver and bowels. It makes you feel years younger, strong-er, healthier and happier. It brings back life and color to faded eyes and cheeks, restores the appetite and sound digestion—gives you a new outlook on life itself.

Bile is nature's laxative and your stomach and bowels require at least one quart of fresh bile every day to keep them clean, pure, free from fermentation, gas and disease germs.

When your liver becomes sluggish the bile stagnates and stops flowing freely, the contents of your bowels become putrefied and poison; your food does not digest—it just ferments and decays in the bowels. The blood absorbs these poisons and you suffer from constipation, gas, sick headaches, biliousness, nervousness and sour stomach.

Sargon Soft Mass Pills remove the cause of this condition in nature's way. They are not like any other medicine you have ever taken. They are so gentle, thorough and natural in their action there is nothing about them to remind you that you have ever taken a medicine. Sargon is irresistable as it quickly and surely reduces the dose until you no longer require a laxative of any kind.

Insist on genuine Sargon Soft Mass Pills. Don't be misled. There are only two generally recognized substances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargon Soft Mass Pills contain both of these substances and no other advertised medicine on the American market today does. Sold on a positive guarantee to help you regain your energy, or write G. F. Willis, Inc., Almara, Ga.—(adv.)

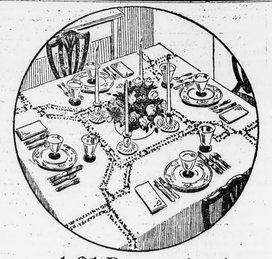
Get some genuine tablets of Bayer Aspirin and take them freely until you are entirely free from pain.

The tablets of Bayer manufacture cannot hurt you. They do not depress the heart. And they have been proven twice as effective as salicylates in relief of rheumatic pain *at any stage.*

Don't go through another season of suffering from rheumatism, or any neuritic pain. And never suffer needlessly from neuralgia, neuritis, or other conditions which Bayer Aspirin will relieve so surely and so swiftly.



A $1 Dinner for 4

AND not just an ordinary dinner either, but a red, green and gold affair that starts off with a sparkling tomato frappé and ends in the manner of very good dinners—with apple pie and cheese. Would you like to clip it?

Tomato Frappé 12¢
Corned Beef Hash with Stuffed Green Peppers 18¢
Cabbage and Orange Salad 12¢
Bread, and Butter 5¢
Apple Pie 12¢
Demi-Tasse 3¢

Tomato Frappé: Season tomato juice from a 9½-ounce can with salt, pepper, paprika and onion juice to taste. Soften one-half teaspoon gelatin in a little cold tomato juice, and dissolve in some boiling tomato juice. Pour the whole mixture into the refrigerator tray and freeze to a soft mush. Add one well-beaten egg white, and refreeze to a very soft mush. Serve with a tiny sprig of parsley on top.

Corned Beef Hash with Stuffed Green Peppers: Add a little water to one No. 2 can of corned beef hash, season more if desired, and brown well on both sides in a skillet with some hot fat. Remove to a hot platter. Cut two large green peppers in halves lengthwise, remove the seeds and white fibre and fill with the contents of one 11-ounce can of corn which has been seasoned. Cover with buttered crumbs and bake until the crumbs are brown and the peppers tender. Arrange around the hash.

Meeting Sat. Tobacco A.

A drive to add to the over 800 present contract-signers of the Dark-Fired Tobacco Growers Association, will be launched here Saturday when a county-wide meeting of growers is called at the court house.

Clarence Moore, county chairman, yesterday announced that M. K. Green, general manager would be present and address the meeting. Plans for the new sign-up campaign will be made at this time. Similar meetings are being held in all other parts of the Association belt.

Reports will also be made Saturday from committees named to investigate reports that some contract-signers had sold their tobacco on the independent markets last year.

Over The Rhine Reinie Veteran Comic, Again At WLW Microphones

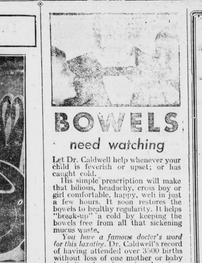
Reinie Gus, radio and stage comedian, is now regaling radio fans with his uproarious drolleries in his favorite characterization, "Over the Rhine Reinie", each Friday evening at 10:30 o'clock over WLW. He is featured with Lloyd Shaffer's crack radio dance band.

A SUPPER TO SING FOR!

If the sugar-plum tree should come to life!

And honey-dew come from the magic pitcher—wouldn't supper times be jolly for five and seven years olds!

A supper that has all the charm of the sugar-plums and the honey-dew has for dessert a cup of crushed canned pineapple, cool and sweet. Never was anything so good to eat nor so good for growing boys and girls. For nutritional research has recently found canned pineapple to be a valuable source of five minerals, essential to health, as well as a valuable source of vitamins A, B, and C—a discovery that makes the task of mothers much simpler. The delicate flavor and color of pineapple are especially appealing to children. Pineapple is a food which rightly belongs in their own world of magic goodness. When it is served simply—a generous bowlful of crushed pineapple—it is a treat which some Mary and Johnny find suited to their most epicurean tastes. Two slices a day or a cup of crushed fruit is the amount recommended to aid in the maintenance of health and growth.



BOWELS
need watching

Let Dr. Caldwell help whenever your child is feverish or upset; or has caught cold.

His simple prescription will make that bilious, headachy, cross boy or girl comfortable, happy, well in just a few hours. It soon restores the bowels to healthy regularity. It helps "breakfast" a cold by keeping the bowels free from all that sickening mucus waste.

You have a famous doctor's word for this laxative. Dr. Caldwell's record of having attended over 3,500 births without loss of one mother or baby is believed unique in American medical history.

Get a bottle of Dr. Caldwell's Syrup Pepsin from your druggist and have it ready. Then you won't have to worry when any member of your family is headachy, bilious, gassy or constipated. Syrup Pepsin is good for all ages. It sweetens the bowels, increases appetite—makes digestion more complete.

Dr. W. B. CALDWELL'S
SYRUP PEPSIN
A Doctor's Family Laxative

COURAGE NOW AS THEN

Dollars Your Minute-Men

May the courage of America's forefathers always assert itself as it has in meeting the situation whereby it was necessary for us to again express confidence in our president, our country and our municipality . . . A new sense of responsibility has been imposed upon the officers and directors of this institution, in acknowledging the endorsements of their fellow citizens in this institution . . . We shall strive to merit that confidence and respect.

Bank Of Appomattox

Pamplin News Items

Pamplin, May 6—Very creditable child health day exercises were given at Pamplin high school Tuesday morning. A number of the patrons and friends of the school were present to enjoy the program which had been prepared by the faculty and executed by the children of the grades who appeared in many songs, recitations, and playlets appropriate to the occasion.

At the community league program Tuesday night, Rev. H. L. Reeves gave a talk on the subject, "Our responsibility to youth." Miss Merle Davis gave a brief review of the work of the league during the past term. A junior league recently has been organized with Miss Mary Rives Black as president, Ernestine Jamerson, vice-president. Emma Lou Ransome, secretary and Eutha May Brooks, treasurer. The young people of the league already have begun to beautify the school grounds by planting shrubs and flowers.

Miss Ailene McClenny entertained the faculty of Pamplin high school at a bridge party Thursday evening. The hostess was assisted by her mother in serving an ice course.

Mrs. L. N. Ligon was hostess Thursday afternoon to the monthly meeting of the U. D. C. At this time the study of Thomas Jefferson was taken up. The hostess served a sweet course.

Dinner guests of Mr. and Mrs T. J. Ligon Wednesday evening were Mr. and Mrs. Cecil Ligon, Miss Mabel Duling, Miss Mary Trent, and Miss Lillian Caldwell.

DIZZINESS
relieved by Black-Draught

"I decided to take Thedford's Black-Draught, as I had been having bilious spells," writes Mr. Charles E. Stevens, of Columbus, Ind. "When I get bilious, I feel sleepy and tired and do not feel like doing my work. It is hard to tell how I feel, but I do not feel good. I get awfully dizzy. I know then that I had better take something. After I found how good Black-Draught is, that is what I have used. I guess it rids me of the bile, for I feel better—don't feel like I am dropping off to sleep every time I sit down. That, to me, is a very bad feeling."

Now you can get Black-Draught in the form of a SYRUP, for CHILDREN,

Do You Eat Meat?

WE mean do you eat enough meat? An important group of modern doctors holds that man from early childhood on should eat meat three times a day. In comparative anatomy, these physicians say, the herbivora, or vegetable eaters, have a long bowel, and the carnivora, or meat eaters, have a short bowel. Man's interior shows most similarity to that of the wildcat, but his diet has changed from that of this carnivorous animal much more than it should.

There are difficulties in the way of eating meat nowadays because most meat has become so expensive. Fortunately, however, the canners have come to the rescue, and canned corn beef and canned salmon, according to this group of physicians, are both excellent provender. They believe that these products should be reinforced three or four times a week with some fresh kidneys, or tripe, or sweetbread, or chicken or calves liver or raw bone marrow. The canned products do not cost as much as fresh beef or fish.

A Tasty Recipe

There are many ways to serve these succulent foods. Here, for instance, is a recipe for an excellent breakfast dish.

Corned Beef Hash with Baked Eggs: Make hash of the contents of one 10½-ounce can of corned beef, moisten with three tablespoons water, and divide among four wide, shallow buttered ramekins. Cover with buttered crumbs and place in an oven until browned on top. Then place a raw egg on top of each, sprinkle with salt and pepper, and return to oven until eggs are done. This serves four persons."

Our old-time customers have learned to depend on our judgment. We ask you to test their practice by requesting an analysis of your insurance needs. You will find that our recommendations will satisfy every demand for economical, dependable insurance intelligently applied.
